Case No. 2:10-CV-108

Judge Ted Stewart

Defendants Central Bearing Corporation, Ltd, and Barer Engineering International
accepted service of the Amended Complaint, and thereafter entered their appearance in this
action on April 19, 2010. (A copy of the Stipulated Motion to Extend Time to Answer or

Otherwise Respond to Complaint is attached hereto as Exhibit A.) After Plaintiff moved to amend its Amended Complaint, Defendants Central Bearing Corporation, Ltd and Barer Engineering International filed a Notice of Non-Opposition to Motion for Leave to Amend, and the parties then entered into a Stipulation to File Second Amended Complaint, in which the Defendants were required to file their response to the Second Amended Complaint no later than July 15, 2010. (A copy of the Order Approving Stipulation to File Second Amended Complaint is attached hereto as Exhibit B.) On July 15, 2010, Defendants Central Bearing Corporation, Ltd and Barer Engineering International moved to allow their counsel to withdraw, stating that they "do not intend to defend on the merits of this case or otherwise participate in the proceedings." (A copy of Defendants Central Bearing Corporation, Ltd. and Barer Engineering International's Motion to Withdraw is attached hereto as Exhibit C.)

Defendants Central Bearing Corporation, Ltd. and Barer Engineering International have failed to file any answer or to otherwise respond to the Second Amended Complaint as ordered by the Court, and the time allowed by law for filing an answer or otherwise responding to the Second Amended Complaint has expired.

Accordingly, the default of Central Bearing Corporation, Ltd. and Barer Engineering International is hereby duly entered according to law.

ATTEST my hand and the seal of the Court this 21st day of July, 2010.
